# Laboratory Animal Medicine

Fox, James G.

## Table of Contents

Bennett J. Cohen  
List of Contributors  
Preface  
List of Reviewers for Chapters in This Volume  
Ch. 1. Laboratory Animal Medicine: Historical Perspectives  
    Franklin M. Loew, Bennett J. Cohen  
Ch. 2. Laws, Regulations, and Policies Affecting the Use of Laboratory Animals  
    Lynn C. Anderson  
Ch. 3. Biology and Diseases of Mice  
    Robert O. Jacoby, James G. Fox, Muriel Davison  
Ch. 4. Biology and Diseases of Rats  
    Dennis F. Kohn, Charles B. Clifford  
Ch. 5. Biology and Diseases of Hamsters  
    F. Claire Hankenson, Gerald L. Van Hoosier, Jr.  
Ch. 6. Biology and Diseases of Guinea Pigs  
    John E. Harkness, Kathleen A. Murray, Joseph E. Wagner  
Ch. 7. Biology and Diseases of Other Rodents  
    Thomas M. Donnelly, Fred W. Quimby  
Ch. 8. Woodchucks as Laboratory Animals  
    Christine A. Bellezza, Patrick W. Concannon, William E. Hombuckle  
Ch. 9. Biology and Diseases of Rabbits  
    Mark A. Suckow, David W. Brammer, Howard G. Rush  
Ch. 10. Microbiological Quality Control for Laboratory Rodents and Lagomorphs  
    William R. Shek, Diane J. Gaertner  
Ch. 11. Biology and Diseases of Dogs  
    Robert C. Dysko, Jean A. Nemzek, Stephen I. Levin  
Ch. 12. Domestic Cats as Laboratory Animals  
    Brenda Griffin, Henry J. Baker  
Ch. 13. Biology and Diseases of Ferrets  
    Robert P. Marini, Glen Otto, Susan Erdman  
Ch. 14. Biology and Diseases of Ruminants: Sheep, Goats, and Cattle  
    Margaret L. Delano, Scott A. Mischler, Wendy J. Underwood  
Ch. 15. Biology and Diseases of Swine  
    Kathy E. Laber, Mark T. Whary, Sarah A. Bingel  
Ch. 16. Nonhuman Primates  
    Bruce J. Bernacky, Susan V. Gibson, Michale E. Keeling  
Ch. 17. Biology and Diseases of Amphibians  
    Dorcas P. O'Rourke, Terry Wayne Schultz  
Ch. 18. Biology and Diseases of Reptiles  
    Dorcas P. O'Rourke, Juergen Schumacher  
Ch. 19. Biology and Management of the Zebrafish  
    Keith M. Astrofsky, Robert A. Bullis, Charles G. Sagerstrom  
Ch. 20. Biology and Health of Laboratory Fishes  
    Michael K. Stoskopf  
Ch. 21. Design and Management of Animal Facilities  
    Jack R. Hessler, Steven L. Leary  
Ch. 22. Preanesthesia, Anesthesia, Analgesia, and Euthanasia  
    M. Michael Swindle, George A. Vogler, Linda K. Fulton  
Ch. 23. Techniques of Experimentation  
    Robert J. Adams  
Ch. 24. Control of Biohazards Associated with the Use of Experimental Animals  
    Thomas E. Hamm, Jr.  
Ch. 25. Selected Zoonoses  
    James G. Fox, Christian E. Newcomer, Harry Rozmiarek  
Ch. 26. Xenozoonoses: The Risk of Infection after Xenotransplantation  
    Marian G. Michaels  
Ch. 27. Genetic Monitoring
