Table of Contents

Normal Brain Aging: Clinical, Immunological, Neuropsychological, and Neuroimaging Features
Maria T. Caserta, Yvonne Bannon, Francisco Fernandez, Brian Giunta, Mike R. Schoenberg, Jun Tan

Subcortical Ischemic Cerebrovascular Dementia
Uma Menon, Roger E. Kelley

Cerebrovascular and Cardiovascular Pathology in Alzheimer’s Disease
Jack D. De La Torre

Neuroimaging of Cognitive Impairments in Vascular Disease
Carol Di Perri, Turi O. Dalaker, Mona K. Beyer, Robert Zivadinov

Contributions of Neuropsychology and Neuroimaging to Understanding Clinical Subtypes of Mild Cognitive Impairment
Amy J. Jak, Katherine J. Bangen, Christina E. Wierenga, Lisa Delano-Wood, Jody Corey-Bloom, Mark W. Bondi

Proton Magnetic Resonance Spectroscopy in Dementias and Mild Cognitive Impairment
H. Randall Griffith, Christopher C. Stewart, Jan A. Den Hollander

Application of Pet Imaging to Diagnosis of Alzheimer’s Disease and Mild Cognitive Impairment
James M. Noble, Nikolaos Scarmeas

The Molecular and Cellular Pathogenesis of Dementia of the Alzheimer’s Type: An Overview
Francisco A. Luque, Stephen L. Jaffe

Alzheimer’s Disease Genetics: Current Status and Future Perspectives
Lars Bertram

Frontotemporal Lobar Degeneration: Insights from Neuropsychology and Neuroimaging
Andrea C. Bozoki, Muhammad U. Farooq

Lewy Body Dementia
Jennifer C. Hanson, Carol F. Lippa

Dementia in Parkinson’s Disease
Bradley J. Robottom, William J. Weiner

Early Onset Dementia
Halim Fadil, Aimee Borazanci, Elhachmia Ait Ben Haddou, Mahoamed Yahyaoui, Elena Korniychuk, Stephen L. Jaffee, Alireza Minagar

Normal Pressure Hydrocephalus
Glen R. Finney

Reversible Dementias
Anahid Kabasakalian, Glen R. Finney
