Table of Contents

Tissue Response
Heather Moore, Caroline Nichols, Mary L. Engles

Exercise Treatment of the Rehabilitation Patient: Cardiopulmonary and Peripheral Responses
Megan M. Wernter, Scot Irwin, William B. Farquhar

Theory and Practice of Muscle Strengthening in Orthopaedic Physical Therapy
Sarah DoBroka, Robbin Wickham-Bruno, Lynn Snyder-Mackler

Strength Training Concepts in the Orthopaedic Patient
Donn Dimond, Robert A. Donatelli

Symptom Investigation
Joseph Godges, William G. Boissonnault

Upper Quarter Evaluation: Structural Relationships and Interdependence
Bruce Greenfield

Temporomandibular Disorders, Head and Orofacial Pain: Cervical Spine Considerations
Steven L. Kraus

Dysfunction, Evaluation, and Treatment of the Cervical Spine and Thoracic Inlet
Steven A. Stratton, Jean M. Bryan

Differential Diagnosis and Mobilization of the Cervical and Upper Thoracic Spine
Robert B. Sprague, Chad Cook

The Shoulder
Todd S. Ellenbecker, David S. Bailie

Dysfunction, Evaluation, and Treatment of the Elbow
Todd S. Ellenbecker, Brian Shafer, Frank W. Jobe

Dysfunction, Evaluation, and Treatment of the Wrist and Hand
Sharon Flinn, Lori DeMott

Reconstructive Surgery of the Wrist and Hand
Joseph S. Wilkes, Carla Bader-Henderson

Mobilization of the Upper Extremity
Bruce Greenfield, Marie A. Johanson, Michael J. Wooden

Evaluation and Training of the Core
Robert A. Donatelli, Kenji Carp

Neuromuscular Training
Wendy J. Hurd, Lynn Snyder-Mackler

The Lumbopelvic System: Anatomy, Physiology, Motor Control, Instability, and Description of a Unique Treatment Modality
Victor Katch

Advances in Lumbar Spine Surgery
Thomas A. St. John

Evaluation, Diagnosis, and Treatment of the Lumbar-Pelvic-Hip Complex
Dianna Cole McNitt

Surgical Treatment and Rehabilitation of the Hip Complex
Carrie Johnson, Linda Naomi Futamura, Steven B. Zelicof, David Friedburg

Dysfunction, Evaluation, and Treatment of the Knee
Robert M. Poole, Turner A. Blackburn, Jr.

Surgery of the Knee and Rehabilitation Principles
William Jay Bryan, Matt Holland, Scott Moorhead

Dysfunction, Evaluation, and Treatment of the Foot and Ankle
Allen Carpenter, Robert A. Donatelli

Overview of Foot Orthotics and Prescription
Monique Ronayne Peterson, Charlie Baycroft, Robert A. Donatelli

New Advances in Foot and Ankle Surgery and Rehabilitation
Kenneth H. Akizuki, Lawrence M. Oloff, Lisa M. Giannone

Mobilization of the Lower Extremity
Bruce Greenfield, Marie A. Johanson, Michael J. Wooden

Soft Tissue Mobilization
Gregory S. Johnson

Somatosensory, Vestibular, and Visual Sensory Integration: Implications for Neuromuscular Control and Balance in Orthopaedic Practice
