Table of Contents

Foreword Elizabeth Perlman
Preface Maria A. Proytcheva

Part I. General and Non-Neoplastic Hematopathology: 1. Hematologic values in the healthy fetus, neonate, and child Maria A. Proytcheva
2. Normal bone marrow Maria A. Proytcheva
3. Disorders of erythrocyte production: nutritional deficiencies, iron deficient and sideroblastic anemia Angela E. Thomas and Barbara J. Bain
4. Disorders of hemoglobin synthesis: thalassemias and structural hemoglobinopathies Alexander Kratz and Jeffrey Jhang
5. Hemolytic anemias: immune and non-immune mediated hemolytic anemias, RBC membrane defects, and hereditary disorders due to RBC enzyme defects Suresh G. Shelat
6. Inherited and acquired bone marrow failure syndromes associated with multiple cytopenias Sa A. Wang and Victor Zota
7. Inherited bone marrow failure syndromes and acquired disorders associated with single peripheral blood cytopenia: pure red cell aplasia, agranulocytosis, and thrombocytopenias Maria A. Proytcheva
8. Peripheral blood and bone marrow manifestations of metabolite storage diseases Andrea M. Sheehan
9. Reactive lymphadenopathies Maria A. Proytcheva

11. Expression profiling in pediatric acute leukemias Lawrence Jennings and Ching Huang
12. Myeloproliferative neoplasms Robert B. Lorsbach
13. Myelodysplastic/myeloproliferative neoplasms John Kim Choi
14. Myelodysplastic syndromes and therapy-related myeloid neoplasms Sa A. Wang
15. Acute myeloid leukemia and related precursor neoplasms Robert B. Lorsbach
16. Hematologic abnormalities in individuals with Down syndrome John Kim Choi
17. Precursor lymphoid neoplasms Mihaela M. Onciu
18. Advances in diagnosis, prognostication, and treatment of pediatric acute leukemia Stanley Chaleff
19. Effect of chemotherapy, detection of minimal residual disease, and hematopoietic stem cell transplantation Maria A. Proytcheva
20. Pediatric small blue cell tumors metastatic to the bone marrow Maria A. Proytcheva
21. Pediatric mature B-cell non-hodgkin lymphomas Sherrie L. Perkins
22. Pediatric mature T-cell and NK-cell neoplasms Sherrie L. Perkins
23. Hodgkin lymphoma Mihaela M. Onciu
24. Immunodeficiency associated lymphoproliferative disorders: congenital immune deficiencies, acquired immune deficiencies, and post-transplant lymphoproliferative disorders Mihaela M. Onciu and J. Han van Krieken
25. Histiocytic proliferations in childhood Ronald Jaffe
26. Cutaneous and subcutaneous lymphomas in children Kenneth Chang, Elena Pope and Glen Taylor

Index.
