Table of Contents

Ch. 1. Morphological Procedures in Respiratory Anatomy and Pathology  
Walter E. Finkbeiner
Ch. 2. Anatomy of the Respiratory System  
Jennifer M. Wu, Walter E. Finkbeiner
Ch. 3. Respiratory Pathology  
Walter E. Finkbeiner
Ch. 4. Radiography and Imaging  
David L. Levin, W. Richard Webb
Ch. 5. Nuclear Medicine Techniques and Applications  
David C. Price
Ch. 6. Bronchoscopy  
Udaya B. S. Prakash, Sergio Cavaliere
Ch. 7. Microbiology  
W. Keith Hadley
Ch. 8. Pulmonary Function Testing  
Warren M. Gold
App. 1. Predicted Values for FEV[subscript 1] and FVC Derived from Selected Studies of Nonsmoking Caucasian Men
App. 2. Predicted Values for FEV[subscript 1] and FVC Derived from Selected Studies of Nonsmoking Caucasian Women
App. 3. Predicted Values for FEV[subscript 1] and FVC Derived from Selected Studies of Black Men and Women
App. 4. Predicted Values for FEV[subscript 1]/FVC% Derived from Selected Studies of Caucasian and Black Men and Women
App. 5. Recommended Criteria for Response to a Bronchodilator in Adults
App. 6. Reference Equations for Minute Volume of Ventilation (MVV) (L/min)
App. 7. Predicted Values for Total Lung Capacity (TLC) and Residual Volume (RV) Derived from Selected Studies of Men and Women
App. 8. Comparison of Inspiratory and Expiratory Pressure-Volume Curves in Five Normal Subjects
App. 9. Regressions of Flow-Volume Parameters on the Height and Age in Normal Subjects by Age Group
App. 10. Single-Breath Nitrogen Test: Normal Values for Nonsmokers
App. 11. Predicted Values for Diffusing Capacity (DL[subscript co]) and Kco (DL[subscript co]/VA) Derived from Selected Studies of Men and Women
App. 13. Normal Response to Hypoxia
App. 15. Measurements at 300 kpm/min in Age Categories (Males)
App. 16. Measurements at 300 kpm/min in Age Categories (Females)
App. 17. Measurements at 300 kpm/min in Height Categories
App. 18. Measurements at 600 kpm/min in Height Categories
App. 19. Measurements at 600 kpm/min in Age Categories (Males)
App. 20. Measurements at 600 kpm/min in Age Categories (Females)
