# Table of Contents

**Series Introduction**  
*Fereidoon Shahidi*

**Preface**

**Contributors**

**Occurrence and Levels of Phytosterols in Foods**  
Vieno Piironen, Anna-Maija Lampi

**Analysis of Phytosterols in Foods**  
Anna-Maija Lampi, Vieno Piironen, Jari Toivo

**Plant Sterol Analysis in Relation to Functional Foods**  

**Analysis of Phytosterols in Biological Samples**  
Arnis Kuksis

**Does Phytosterol Intake Affect the Development of Cancer?**  
Lena Normen, Susan W. Andersson

**Role of Plant Sterols in Cholesterol Lowering**  
Lena Normen, Jiri Frohlich, Elke Trautwein

**Plant Sterols in Functional Foods**  
Robert A. Moreau

**Safety of Phytosterols and Phytosterol Esters as Functional Food Components**  
David Kritchevsky

**Potential Health Risks Associated with Large Intakes of Plant Sterols**  
W. M. Nimal Ratnayake, Elizabeth J. Vavasour

**Chemistry, Analysis, and Occurrence of Phytosterol Oxidation Products in Foods**  
Paresh C. Dutta

**Biological Effects and Safety Aspects of Phytosterol Oxides**  
Lisa Oehrl Dean, Leon C. Boyd

**Prospects of Increasing Nutritional Phytosterol Levels in Plants**  
Tatu A. Miettinen, Helena Gylling

**Index**
