

# Mastering Autodesk 3ds Max 2013

Harper, J

ISBN-13: 9781118129715

## Table of Contents

Introduction? xxi

### **Chapter 1 ? Getting to Know Autodesk? 3ds Max? 2013??? 1**

Introducing the New 3ds Max 2013 Features???? 1

Getting Started with Autodesk 3ds Max?????? 4

Touring the Interface???????? 6

The Menu Bar???????? 6

The Quick Access Toolbar???????? 8

The Information Center Toolbar???? 8

The Main Toolbar???????? 9

Docked and Floating Toolbars????? 10

Toolbar Flyouts???????? 15

The Viewports???????? 15

Tools for Working with the Viewports????? 16

Getting to Know the Command Panel????? 19

Understanding the 3ds Max Tools???????? 20

Working with Objects???????? 27

Selecting and Moving Objects????? 27

Rotating and Scaling Objects?????? 31

Copying an Object???????? 34

Selecting Multiple Objects?????? 36

Naming Selection Sets???????? 42

Editing Named Selection Sets????? 42

Getting the View You Want???????? 45

Understanding the Perspective Viewing Tools????? 45

Using Multiple Viewports???????? 51

Changing the Viewport Display and Configuration?????? 54

Working with the Custom UI And Defaults Switcher???? 61

The Bottom Line???????? 64

### **Chapter 2 ? Introducing Objects??? 67**

Understanding Standard Primitives???????? 67

Adjusting an Object's Parameters???????? 69

Accessing Parameters???????? 76

Introducing the Standard Primitive Objects?????? 76

Modeling Standard Primitives with Modifiers???????	80
Adding a Modifier???????	81
Accessing Modifier Parameters???????	84
Placing Modifiers Where You Want Them???????	87
Using the Modifier Stack Tools?????	89
How 3ds Max Sees Objects???????	91
Making Clones That Share Properties???????	92
Creating an Instance Clone???????	92
Creating a Reference Clone???????	94
Scaling and Rotating Objects with Transform Tools??	97
Making a Clone Unique???????	100
Cloning a Modifier???????	101
Introducing Extended Primitives???????	103
Modeling a Couch???????	104
Working with Groups???????	111
Grouping the Components of the Couch???????	111
Working within Groups???????	113
Disassembling Groups???????	115
The Bottom Line???????	116
<b>Chapter 3 ? Creating Shapes with Splines???</b>	<b>117</b>
Drawing with Splines???????	118
Drawing Straight-Line Segments???????	119
Constraining Lines Vertically and Horizontally?????	121
Drawing Curves???????	122
Lathing a Spline???????	124
Modifying a Shape Using Sub-object Levels???????	126
Adjusting the Lathe Axis???????	127
Flipping Surface Normals???????	129
Smoothing Spline Corners???????	130
Adjusting Tangent Handles???????	134
Creating Thickness with a Spline???????	136
Detailing the Wineglass Base???????	140
Finishing the Wineglass???????	146
Outlining and Extruding Splines???????	147
Drawing Accurate Splines???????	148
Giving Walls Thickness???????	149
Using Grids and Snaps to Align Objects Accurately???????	151
Adjusting a Wall Location???????	157

Combining and Extruding Primitive Splines??????? 161

Combining Splines??????? 162

Joining Closed Splines with Boolean Tools???? 167

Creating a Solid Form with Splines???????? 169

Introducing the Other Spline Types???????? 173

Editing Splines???????? 176

Placing and Beveling Text???????? 177

The Bottom Line???????? 181

## **Chapter 4 ? Editing Meshes and Creating Complex Objects??? 183**

Creating Openings in a Wall with Boolean Operations?????? 183

Hiding Shapes That Get in the Way?????? 184

Creating the Shape of the Opening?????? 186

Subtracting the Opening from the Wall???? 188

Creating Multiple Openings in a Single Wall????? 190

Making Changes to the Opening?????? 191

Tracing a Sketch???????? 194

Using a Bitmap Image???????? 195

Scaling the Image Plane to the Model's Size?????? 198

Tracing the Image???????? 201

Building Objects from Traced Lines?????? 204

Editing Meshes???????? 214

Creating a Tapered Wall???????? 214

Converting the Spline to a Mesh???????? 217

Moving a Single Mesh Vertex????? 221

Tapering the Top of the Wall????? 227

Using Instanced Clones to Create Symmetrical Forms?????? 231

Adding a User Grid to Aid Tracing?????? 231

Building the Tower Walls???????? 233

Adding the Vaulted Ceiling?????? 237

Creating the Smaller Towers????? 244

Drawing the Remaining Walls???????? 247

Attaching Objects to a Mesh???????? 253

Smoothing Meshes???????? 255

Smoothing within a Mesh???????? 255

The Smooth Modifier???????? 258

Creating and Modifying Objects Using Box Modeling?????? 259

Preparing a Box for Box Modeling?????? 259

Using the Transform Toolbox????? 269

Creating Clones with Array and Snapshot???? 271

Creating a Pew Grid with Array??????? 272

Creating a Multitransform Polar Array????? 275

Creating Multiple Clones Using Snapshot??????? 278

The Bottom Line????????? 280

## **Chapter 5 ? Working with External Design Data???? 281**

Creating Topography with Splines????????? 282

Updating Changes from an AutoCAD File??????? 287

Exploring Terrain Options??????? 289

Setting Up an AutoCAD Plan for 3ds Max????? 292

Importing AutoCAD Plans into 3ds Max????? 297

Extruding the Walls??????????? 299

Extruding Exterior Wall Headers??????? 301

Extruding the Mullions????????? 302

Creating Interior Wall Headers????????? 302

Adding Glass??????????? 305

Creating a Floor with Openings????????? 307

Exploring the Manage Links Dialog Box????? 312

Editing Linked AutoCAD Files????????? 315

Understanding the Block Node Hierarchy??????? 316

Understanding the Manage Links Options??????? 319

Understanding File Link Settings????????? 320

Importing Adobe Illustrator Files into 3ds Max????? 325

Importing Autodesk Inventor Files into 3ds Max????? 329

Using the Substitute Modifier with Linked Geometry????? 332

Importing a Truss??????????? 334

Linking Revit Files into 3ds Max????? 337

Linking the Revit File in 3ds Max????????? 338

Using the Scene Explorer??????? 341

Importing FBX Files into 3ds Max????????? 344

The Bottom Line??????????? 347

## **Chapter 6 ? Organizing and Editing Objects?? 349**

(Re)Naming Objects??????? 349

Renaming the Ceiling Fixtures????????? 353

Organizing Objects by Layers????????? 355

Setting Up Layers????????? 356

Assigning Objects to Layers??????? 357

Assigning Color to Layers????????? 360

Understanding the Icons in the Layer Dialog Box??? 365

Lofting an Object??????????? 366

Setting Up the Shapes to Form the Pedestal????? 366

Lofting a Shape along a Path????? 369

Using Different Shapes along the Loft Path?????? 370

Fine-Tuning a Loft Object??????? 374

Using the Instance Clones to Edit the Loft??????? 379

Using the Noise Modifier???????? 383

Modeling with Soft Selection????? 384

Extruding with the Sweep Modifier???????? 390

Aligning Objects????????? 394

The Bottom Line????????? 398

## **Chapter 7 ? Light and Shadow????? 401**

Lighting Your Model????????? 401

Understanding the Types of Lights?????? 401

Adding a Spotlight to Simulate the Sun????? 406

Moving a Light?????????? 408

Editing a Spotlight???????? 410

Changing the Light Type?????? 412

Rendering a View????????? 414

Ambient Light???????????? 417

Faking Radiosity????????? 419

Adding a Highlight with an Omni Light???????? 423

Looking at Omni Light Options????????? 426

Adding Shadow Effects????????? 430

Softening Shadow Edges????????? 432

Understanding Shadow Maps????????? 432

Using Ray-Traced Shadows?????? 435

Using Advanced Ray Traced and Area Shadows????? 437

Playing in the Shadows?????????? 440

Using Two Suns????????? 440

Adding a Second Sun????????? 442

Using Unseen Objects to Cast Shadows????? 445

Using a Clone to Cast Shadows????????? 447

Using the Light Lister???????? 449

Using Scene States????????? 451

The Bottom Line????????? 454

## **Chapter 8 ? Enhancing Models with Materials????? 455**

Understanding Bitmap Texture Maps?????? 455

Diffuse Color Maps?????????? 456

Surface Properties???????? 461

The Architectural Material's Physical Qualities Rollout???? 462

The Special Effects Rollout?????? 463

Ink ?n Paint Material???????? 464

DirectX Shader???????? 465

Adding Materials to Objects?????? 465

Adding a Map Path to Help 3ds Max Find Bitmaps?????? 465

Understanding Material Libraries?????? 472

Editing Materials???????? 473

Using Bump Maps?????? 474

Creating a New Material?????? 477

Adding Material Mapping Coordinates???? 479

Understanding Mapping Coordinates?????? 483

What Happens When You Add the Mapping Coordinates???? 483

Adjusting the UVW Map Gizmo???????? 484

Using the Standard Material???????? 491

Map Scalar Modifiers?????? 493

Spline Mapping???????? 496

Adding Entourage???????? 499

Hiding Unwanted Surfaces with Opacity Maps???? 499

Adjusting an Object to a Bitmap Shape???? 508

Assigning Materials to Parts of an Object????? 509

Creating a Multi/Sub-object Material????? 509

Applying a Sub-material to an Object's Surface???? 512

Exploring the Autodesk Materials???????? 514

Adjusting the Autodesk Material Parameters????? 516

Using the Material Explorer?????? 517

The Material Utilities?????? 519

Modeling with Displacement Maps???????? 522

Using the Displace Modifier?????? 522

Using the Material Editor to Create Displaced Geometry???? 525

Converting a Displacement Map into an Editable Mesh???? 528

Creating an Editable Mesh from a Displacement Map???? 530

Additional Mapping and Material Features???????? 531

The Bottom Line???????? 543

**Chapter 9 ? Using the Camera???? 545**

Understanding the 3ds Max Camera???????? 545

Adding a Camera???????? 546

3ds Max Viewport Improvements???????? 551

Editing the Camera Location with the Viewport Tools????? 552

Setting Up an Interior View??????? 557  
Creating an Environment???????? 560  
Making Adjustments to the Background??????? 563  
Using Immersive Environments for Animation????? 569  
Creating a Believable Background?????? 569  
Using a Texture Map and Hemisphere for the Sky??? 571  
Using Render Types?????? 576  
Using Render Elements for Compositing????? 578  
Matching Your Scene to a Background Image?????? 580  
Setting Up the Model and the Image?????? 581  
Adding the Background Image????????? 582  
Adding the Camera Match Points???????? 584  
Aligning the Camera Match Points to the Background Image????? 586  
Fine-Tuning a Camera-Matched View????? 589  
Matching the Design Image Quality to the Background????? 589  
Standard Cinematic Terminology????????? 590  
The Bottom Line????????? 591

## **Chapter 10 ? Organizing Objects and Scene Management??? 593**

Gaining Access to Materials and Objects from Other Files????? 593  
Arranging Furniture with XRefs and the Asset Browser????? 600  
Replacing Objects with Objects from an External File?? 603  
Substituting Objects for Faster Viewport Performance????? 605  
Importing Files with the Asset Browser????? 607  
Arranging Furniture with XRef Scenes??????? 610  
Using the Rendered Frame Window??????? 615  
Copying the Rendered Image?????? 616  
Printing Images????????? 616  
Opening Multiple RFWs for Comparisons??????? 617  
Zooming, Panning, and Controlling Channels in the RFW??? 617  
Obtaining Colors from External Bitmap Files????? 618  
Tracking and Locating a Scene?s Assets??????? 620  
Creating Panoramas????????? 622  
Publishing a DWF File????? 627  
The Bottom Line????????? 631

## **Chapter 11 ? Understanding Animation??? 633**

Understanding the World of Video Time????? 633  
Creating a Quick-Study Animation????????? 635  
Adding Camera Motion????????? 636

Adjusting the Camera Path?????? 637  
Viewing the Camera Trajectory???????? 639  
Controlling the Camera Trajectory Visibility????? 641  
Creating a Preview Animation???????? 642  
Understanding Keyframes????????? 644  
Increasing the Number of Frames in an Animation Segment??? 646  
Accelerating and Decelerating the Camera Motion Smoothly??? 658  
Editing Keyframes????????? 651  
Adding More Frames for Additional Camera Motion??? 654  
Adding Frames to the End of a Segment???????? 654  
Adjusting the Camera Motion through a Keyframe????? 656  
Compressing and Expanding Time????? 661  
Adjusting the Camera Trajectory Using the Track View???? 666  
Increasing the Number of Frames between Selected Keys??? 672  
Speeding Up the Preview Rendering Time?????? 673  
Adding Frames to the Beginning of a Segment?????? 673  
Other Options for Previewing Your Motion???????? 675  
Moving the Camera Target over Time?????? 676  
Controlling Lights over Time?????? 677  
The Bottom Line????????? 680

## **Chapter 12 ? Creating Animations, Particles, and Dynamics? 683**

Rendering the Animation???????? 683  
Creating a Study Animation????? 684  
Creating a Quick Overall Study Animation????? 686  
Adding a Moving Car????????? 698  
Automating the Output of Multiple Still Images????? 692  
Setting Up a Camera for Elevations????? 692  
Setting Up the Four Elevations???????? 693  
Rendering a Shadow Study???????? 699  
Adjusting for True North?????? 699  
Changing from an IES Sun to a Standard Light????? 700  
Creating a Walkthrough????????? 702  
Fine-Tuning the Camera?s Orientation????? 704  
Adjusting the Camera?s Timing????????? 706  
Adjusting the Path???????? 708  
The Animation File Output Options?????? 709  
True Color vs 256 Colors???????? 711  
File Naming in Animations?????? 712  
Choosing an Image Size???????? 712

The AVI Codecs???????? 714

Using MassFX to Animate Objects???????? 715

Assigning Properties to Simulation Objects????? 715

Setting Up and Running the Simulation??? 718

Refining the Settings????????? 718

Using MassFX mCloth????????? 719

Using Particle Systems????????? 724

Creating the Initial Flow???????? 726

Adding and Editing the Operators?????? 728

Adding Materials and Space Warps?????? 729

Adding Deflectors?????? 732

The Bottom Line????????? 735

Chapter 13 ? Rigging for Animation????? 737

Creating Parent?Child Hierarchies???????? 737

Using the Morpher Modifier????????? 747

Animating the Morpher Modifier????????? 750

Assembling an Articulated Luminaire?????? 751

Transforming Pivot Points?????? 752

Aligning the Light Source with the Fixture?????? 753

Using Schematic View????????? 754

Understanding Bones?????? 767

Understanding Biped?????? 778

The Bottom Line????????? 786

Chapter 14 ? Advanced Rendering Using mental ray?? 789

Understanding mental ray????????? 789

Setting Up mental ray????????? 793

The Material Editor and mental ray?????? 794

Using Photon Maps????????? 798

Testing the Photon Map Effects????????? 801

Final Gathering????????? 816

Reviewing the Basic mental ray Workflow?????? 819

Contour Renderings?????? 820

Using the mr Multi/Sub-Map Material?????? 824

Skylight Global Illumination????????? 828

Image-Based Lighting and Skylight?????? 831

Using High Dynamic Range Images?????? 834

Using mr Proxy Objects????????? 837

Using IES Files????????? 840

The Bottom Line????????? 841

## **Chapter 15 ? Finishing It Off: Atmosphere, Effects, and Compositing?? 843**

Adding Atmospheric Effects??????? 844

Creating a Volume Light??????? 844

Adjusting the Volume Light Parameters??? 846

Adding Fog????????? 847

Adding a Fire Effect????????? 851

Using Hair And Fur??????? 856

Adjusting the Hair And Fur Parameters??? 857

Refining the Hair And Fur Parameters????? 858

Using Glare????????? 860

Assigning the Glare Output Shader??????? 860

Using Depth of Field????????? 863

Creating Stereoscopic Renders in 3ds Max????? 868

Using Autodesk Composite 2013????? 871

Composite the Stereo Pair into an Anaglyph Image????? 883

The Bottom Line????????? 888

Appendix A ? The Bottom Line??? 891

Chapter 1: Getting to Know Autodesk? 3ds Max? 2013????? 891

Chapter 2: Introducing Objects??????? 893

Chapter 3: Creating Shapes with Splines????? 896

Chapter 4: Editing Meshes and Creating Complex Objects????? 899

Chapter 5: Working with External Design Data??????? 903

Chapter 6: Organizing and Editing Objects????????? 907

Chapter 7: Light and Shadow??????? 913

Chapter 8: Enhancing Models with Materials??????? 915

Chapter 9: Using the Camera????????? 919

Chapter 10: Organizing Objects and Scene Management????? 922

Chapter 11: Understanding Animation??????? 925

Chapter 12: Creating Animations, Particles, and Dynamics??? 928

Chapter 13: Rigging for Animation????????? 934

Chapter 14: Advanced Rendering Using mental ray????? 937

Chapter 15: Finishing It Off: Atmosphere, Effects, and Compositing????? 941

Appendix B ? Autodesk? 3ds Max? Certification??? 949

Index????? 953
