Veterinary Pharmacovigilance: Adverse Reactions to Veterinary Medicinal Products

Woodward, K. N.

Table of Contents

Introduction.
D Skilton.
1. Elements of Veterinary Pharmacovigilance.
K N Woodward.
2. Veterinary Pharmacovigilance in the European Union.
K N Woodward.
K Grein.
4. Veterinary Pharmacovigilance in France.
G Keck and X Pineau.
5. Pharmacovigilance in Germany.
C Ibrahim and A Wilke.
K N Woodward.
7. Veterinary Adverse Drug Reporting in the United States, Australia and Canada.
K N Woodward.
V Naidoo.
K N Woodward and C Evans.
10. Essential Elements of Veterinary Pharmacovigilance and the Role and Duties of the Qualified Person.
B Cornez.
11. Veterinary Pharmacovigilance in an Industry Setting: The EU.
M O’Gorman.
T M Hodge.
13. Practical Veterinary Pharmacovigilance.
D O’Rourke.
K N Woodward.
15. Safety Assessment of Veterinary Vaccines.
M J Francis.
16. Microbiological Assessment of Veterinary Medicinal Products and Potential Adverse Effects.  
P Silley.

17. Adverse Effects of Veterinary Pharmaceutical Products in Animals.  
K N Woodward.

K N Woodward.

19. Adverse Reactions to Vaccines.  
K N Woodward and L Toon.

20. Adverse Reactions in Humans Following Exposure to Veterinary Drugs.  
K N Woodward.

21. Medicines Used to Control and Treat External Parasites of Sheep: Toxicology and The Phenomenon of Reported Adverse Human Responses to Organophosphorus Sheep Dips.  
T C Marrs and P Edwards.

22. User Safety Assessment of Veterinary Medicinal Products.  
K N Woodward.

23. Maximum Residue Limits.  
K N Woodward.

24. Determination of Withdrawal Periods for Pharmaceutical Products Used in Food Animals.  
R C Parker.

25. Surveillance for Veterinary Residues.  
K N Woodward.

26. Adverse Environmental Effects and Veterinary Medicinal Products.  
A Tait.

27. Causality in Pharmacovigilance and Expectedness of Adverse Reactions.  
K N Woodward.

K N Woodward.

29. Veterinary Adverse Reactions and Crisis Management.  
K N Woodward.

30. The Role of Veterinary Pharmacovigilance in Risk Analysis and the Influence of Risk Perception on Veterinary Pharmacovigilance.  
H P A Illing.

31. The Role of Quality Assurance in Veterinary Pharmacovigilance.  
R Visanji and H Politis-Norton.

32. Concordance Between Results from Animal Toxicology Studies and Adverse Reactions in Animals.  
K N Woodward
