**Part I. Foundations of Special Education**

1. Special Education in Context: People, Concepts, and Perspectives

   - Definitions and Terminology
   - Categories and Labels
   - Prevalence of Children and Young Adults with Disabilities
   - A Brief History of the Development of Special Education
   - Professionals Who Work with Individuals with Exceptionalities
   - Cooperative Teaching
   - Universal Design for Learning

   - Exceptionality across the Life Span

2. Policies, Practices, and Programs

   - Litigation and Legislation Affecting Special Education
   - Civil Rights Legislation
   - Educational Reform: Standards Based Education
   - Identification and Assessment of Individual Differences
   - Referral and Assessment for Special Education
   - Designing Individualized Instructional Programs
   - Service Delivery Options: Where a Special Education Is Provided

3. Cultural and Linguistic Diversity and Exceptionality

   - Cultural Diversity: The Changing Face of a Nation
   - Multicultural Education, Bilingual Education, and Student Diversity
   - Disproportional Representation of Minority Students in Special Education Programs
   - Issues in Assessing Students from Culturally and Linguistically Diverse Groups
   - Educational Programming for Students with Exceptionalities Who Are Culturally and Linguistically Diverse

4. Parents, Families, and Exceptionality

   - Parent-Professional Relationships: Changing Roles
   - A Family Systems Approach
   - The Effects of a Child's Disability on Parents and the Family
   - Stages of Parental Reaction to Disability
   - Disability and the Family
   - Working with Families Who Are Culturally and Linguistically Diverse
   - Cultural Reactions to Disability
   - Suggestions for Facilitating Family and Professional Partnerships

**Part II. A Study of Individuals with Special Needs**

5. Individuals with Mental Retardation or Intellectual Disabilities

   - Defining Mental Retardation or Intellectual Disabilities: An Evolving Process
   - Assessing Intellectual Ability and Adaptive Behavior
   - Classification of Individuals with Mental Retardation or Intellectual Disabilities
   - A Brief History of the Field
   - Prevalence of Mental Retardation or Intellectual Disabilities
   - Etiology of Mental Retardation or Intellectual Disabilities
   - Prevention of Mental Retardation or Intellectual Disabilities
   - Characteristics of Individuals with Mental Retardation or Intellectual Disabilities
   - Educational Considerations
   - Services for Young Children with Mental Retardation or Intellectual Disabilities
   - Transition into Adulthood
   - Adults with Mental Retardation or Intellectual Disabilities
   - Family Issues
   - Issues of Diversity
   - Technology and Individuals with Mental Retardation or Intellectual Disabilities

6. Individuals with Learning Disabilities

   - Defining Learning Disabilities
   - A Brief History of the Field
   - Prevalence of Learning Disabilities
   - Etiology of Learning Disabilities
   - Characteristics of Individuals with Learning Disabilities
   - Assessment of Learning Disabilities
   - Educational Considerations
   - Services for Young Children with Learning Disabilities
   - Transition into Adulthood
   - Adults with Learning Disabilities
   - Family Issues
   - Issues of Diversity
   - Technology and Individuals with Learning Disabilities

7. Individuals with Attention Deficit Hyperactivity Disorder

   - Defining Attention Deficit Hyperactivity Disorder
   - A Brief History of the Field
   - Prevalence of Attention Deficit Hyperactivity Disorder
   - Etiology of Attention Deficit Hyperactivity Disorder
   - Characteristics of Individuals with Attention Deficit Hyperactivity Disorder
   - Assessment of Attention Deficit Hyperactivity Disorder
   - Educational Considerations
   - Adolescents and Adults with Attention Deficit Hyperactivity Disorder
Issues of Diversity

8. Individuals with Emotional or Behavioral Disorders
   Defining Emotional or Behavioral Disorders
   Classification of Individuals with Emotional or Behavioral Disorders
   A Brief History of the Field
   Prevalence of Emotional or Behavioral Disorders
   Etiology of Emotional or Behavioral Disorders
   Prevention of Emotional or Behavioral Disorders
   Characteristics of Children and Youth with Emotional or Behavioral Disorders
   Assessing Students with Emotional or Behavioral Disorders
   Educational Considerations
   Services for Young Children with Emotional or Behavioral Disorders
   Transition into Adulthood
   Adults with Emotional or Behavioral Disorders
   Family-Centered Interventions
   Issues of Diversity
   Technology and Individuals with Emotional or Behavioral Disorders
   Trends, Issues, and Controversies

9. Individuals with Autism Spectrum Disorders
   Defining Autism Spectrum Disorders: An Evolving Process
   Classification of Individuals with Autism Spectrum Disorders
   A Brief History of the Field
   Prevalence of Autism Spectrum Disorders
   Etiology of Autism Spectrum Disorders
   Characteristics of Individuals with Autism Spectrum Disorders
   Assessment of Autism Spectrum Disorders
   Educational Considerations
   Services for Young Children with Autism Spectrum Disorders
   Transition into Adulthood
   Adults with Autism Spectrum Disorders
   Family Issues
   Issues of Diversity
   Technology and Individuals with Autism Spectrum Disorders
   Trends, Issues, and Controversies

10. Individuals with Speech and Language Impairments
    The Nature of Speech, Language, and Communication
    Defining Speech and Language Impairments
    Classifying Speech and Language Impairments
    Historical Perspectives
    Prevalence of Speech and Language Impairments
    Etiology of Speech and Language Impairments
    Prevention of Speech and Language Impairments
    Characteristics of Individuals with Speech and Language Impairments
    Assessment of Speech and Language Impairments
    Educational Considerations
    Services for Young Children with Speech and Language Impairments
    Adolescents and Adults with Speech and Language Impairments
    Family Issues
    Issues of Diversity
    Technology and Individuals with Speech and Language Impairments
    Trends, Issues, and Controversies

11. Individuals with Hearing Impairments
    Definitions and Concepts in the Field of Hearing Impairment
    A Brief History of the Field
    Prevalence of Hearing Impairment
    Etiology of Hearing Impairment
    Characteristics of Individuals with Hearing Impairments
    Assessment of Individuals with Hearing Impairments
    Educational Considerations
    Services for Young Children with Hearing Impairments
    Transition and Individuals with Hearing Impairments
    Services for Adults with Hearing Impairments
    Family Issues
    Issues of Diversity
    Technology and Individuals with Hearing Impairments
    Trends, Issues, and Controversies

12. Individuals with Visual Impairments
    Defining Visual Impairments
    The Eye and How It Works
    Classification of Visual Impairments
    A Brief History of Visual Impairments
    Prevalence of Visual Impairments
    The Vision Process and Etiology of Visual Impairments
    Prevention of Visual Impairments
    Characteristics of Individuals with Visual Impairments
    Assessment of Students with Visual Impairments
    Educational Considerations
    Young Children with Visual Impairments
    Transition into Adulthood
    Adults with Visual Impairments
    Family Issues
    Issues of Diversity
    Technology and Individuals with Visual Impairments
    Trends, Issues, and Controversies

13. Individuals with Physical Disabilities, Health Disabilities and Related Low-Incidence Disabilities
    Defining Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities
    A Brief History of the Field
    Prevalence of Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities
    Etiology of Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities
    Characteristics of Individuals with Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities
    Assessment of Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities
    Educational Considerations
    Services for Young Children with Physical Disabilities, Health Disabilities, and Related Low-Incidence Disabilities
