# Therapy of Digestive Disorders

**Wolfe, M. Michael MD**

## Table of Contents

- **Molecular and cellular targets in therapy of acid-related diseases**
  - James E. McGuigan

- **Pharmacology and therapeutics for motor and sensory disorders of the gut**
  - Michael Camilleri

- **Probiotics**
  - Francisco Guarner

- **Nutrition support in the patient with gastrointestinal disease**
  - Samuel Klein, Beth E. Taylor, Deborah C. Rubin

- **Nutrition and malnutrition in liver disease**
  - Arthur J. McCullough

- **Esophageal infections**
  - Henry S. Fraimow, Robert S. Klein

- **Enteric infections in immunocompromised hosts**
  - C. Mel Wilcox, Andrew W. DuPont

- **Biliary infections in the immunocompromised patient**
  - Daniel Gelrud, Douglas Simon

- **Gastrointestinal and hepatobiliary complications of bone marrow transplantation**
  - Stuart L. Goldberg, David M. Felig, Richard C. Golding

- **Pregnancy**
  - Sarathenhandra I. Reddy, Jacqueline L. Wolf

- **Treatment of the elderly patient**
  - David Greenwald

- **Children**
  - Carlo Di Lorenzo, Cheryl Blank, Miguel Saps

- **Gastroesophageal reflux disease**
  - Robert M. Lowe, Lars Lundell, Richard I. Rothstein, M. Michael Wolfe

- **Barrett’s esophagus**
  - Stuart Jon Spechler

- **Management of achalasia**
  - Ikuo Hirano

- **Treatment of esophageal disorders caused by medications, caustic ingestion, foreign bodies and trauma**
  - Umesh Choudhry, Henry Worth Boyce

- **Approach to the patient with esophageal cancer**
  - Brian C. Jacobson, Jacques Van Dam

- **Treatment of Helicobacter pylori infection**
  - David A. Peura

- **Therapy and prevention of NSAID-related gastrointestinal disorders**
  - Jaime Oviedo, M. Michael Wolfe

- **Treatment of non-NSAID and non-H. pylori gastroduodenal ulcers and hypersecretory states**
  - Yuhong Yuan, Richard H. Hunt

- **Upper gastrointestinal bleeding**
  - James Y. W. Lau, Joseph J. Y. Sung

- **Gastric outlet obstruction, perforation and other complications of gastroduodenal ulcer**
  - Stephen J. Ferzoco, David I. Soybel

- **Treatment of gastric volvulus and diaphragmatic hernias**
  - Jonathan F. Critchlow

- **Gastric neoplasia**
  - Enders K. W. Ng, Wai K. Leung

- **Biliary tract stones**
  - Christopher S. Huang, David R. Lichtenstein

- **Primary sclerosing cholangitis**
  - Konstantinos N. Lazaridis, Nicholas F. LaRusso

- **Acute pancreatitis**
  - Michael L. Steer

- **Chronic pancreatitis**
  - Julia Mayerle, Markus M. Lerch

- **Pancreatic cancer**
Cholangiocarcinoma and other biliary tumors
Annette Grambihler, Gregory J. Gores

Zollinger-Ellison syndrome and other neuroendocrine tumors
John Del Valle

Treatment of hereditary hemochromatosis, Wilson disease, and other metabolic disorders of the liver
Carl L. Berg, Maureen M. Jonas, Bruce R. Bacon

Prophylaxis and treatment of viral hepatitis
Gary L. Davis

Autoimmune hepatitis
Edward L. Krawitt, Gilda Porta

Bacterial, fungal and granulomatous diseases of the liver
David P. Nunes

Alcoholic and nonalcoholic fatty liver disease
Aijaz Ahmed, Emmet B. Keeffe, Sherif Saadah

Drug-induced hepatic injury (prevention)
Geoffrey C. Farrell, Shivakumar Chitturi

Primary biliary cirrhosis
Jayant A. Talwalkar, Keith D. Lindor

Variceal hemorrhage
Arun J. Sanyal

Ascites and spontaneous bacterial peritonitis
Andres Cardenas, Pere Gines Gibert, Juan Rodes

Hepatic encephalopathy
Srinivasan Dasarathy, Kevin D. Mullen

Hepatorenal syndrome
Vincente Arroyo Perez, Pere Gines Gibert

Fulminant hepatic failure
Tram T. Tran, Paul Martin

Long-term care of the liver transplant recipient
Consuelo Soldevila-Pico, David R. Nelson

Primary tumors of the liver
Hashem B. El-Serag

Neonatal jaundice
Mike A. Leonis, William F. Balistreri

The pregnant patient with jaundice
J. Eileen Hay

Irritable bowel syndrome
Jan Tack

Celiac sprue and other malabsorptive disorders
Norton J. Greenberger

Treatment of acute infectious diarrheas
Ralph A. Giannella

Treatment of Clostridium difficile diarrhea and colitis
Ciaran P. Kelly, J. Thomas LaMont

Treatment of intestinal parasitic diseases
Joachim Richter

Treatment of eosinophilic gastroenteritis
James H. Caldwell

Treatment of radiation-induced enterocolitis: a mechanistic approach
A. B. R. Thomson, M. T. Clandinin, G. E. Wild

Approach to the patient with short-bowel syndrome
Malcolm K. Robinson, Theresa A. Byrne, Douglas W. Wilmore

Crohn’s disease
Sonia Friedman, Gary R. Lichtenstein

Ulcerative colitis
Lawrence J. Saubermann, Francis A. Farraye

Intestinal obstruction
Sareh Parangi, Richard Hodin

Chronic intestinal pseudo-obstruction
Juan-R. Malagelada

Hirschsprung’s disease
Peter J. Milla

Diverticular disease of the colon
Bradley R. Davis, Jeffrey B. Matthews

Vascular insufficiency
Daniel S. Mishkin, Patricia L. Kozuch, Lawrence J. Brandt

Neoplastic diseases of the small and large bowel
Paul C. Schroy III
Treatment of sexually transmitted anorectal diseases
Ronald Fried, Christina M. Surawicz

Lower gastrointestinal bleeding
Adam Slivka, Robert E. Schoen

Hemorrhoids and other anorectal disorders
Eric J. Dozois, John H. Pemberton

Acute abdominal pain
Janice G. Rothschild

Noncardiac chest pain
Ronnie Fass, Ram Dickman

Dyspepsia
Ray E. Clouse

Nausea and vomiting
Kenneth L. Koch

Constipation and diarrhea
Charlene M. Prather

Treatment of fecal incontinence
Adil E. Bharucha
