
Browner, Bruce D. MD, MS, FACS

Table of Contents

VOLUME I

Section I: General Principles (Section Editor: Bruce D. Browner)

Chapter 1: The History of Fracture Treatment, Christopher L. Colton, David Selikson

Chapter 2: The Biology and Enhancement of Skeletal Repair, Thomas A. Einhorn, Sanjeev Kakar, Robert K. Schenk

Chapter 3: Biomechanics of Fractures John A. Hipp, Wilson C. Hayes

Chapter 4: Principles of Internal Fixation, Joseph DeAngelis, Bruce D. Browner Andrew E. Caputo, Jeffrey W. Mast, Michael W. Mendes

Chapter 5: Locking Plates: Development, Biomechanics & Clinical Application, Michael Wagner, Roby Frigg

Chapter 6: Evaluation and Treatment of the Multiple-Trauma Patient in the Field and Hospital, Robert T. Brautigam, Ken Robinson, Rick Sheppard, Lenworth M. Jacobs, David L. Ciraulo

Chapter 7: Damage Control Orthopaedics, Michael J. Bosse, James F. Kellam

Chapter 8: Disaster Management, Christopher Born, Ryan Calfee

Chapter 9: Occupational Hazards in the Treatment of Orthopaedic Trauma

Section 1: Optimal and Safe Use of C-arms, Peter Mas

Section 2: Avoidance of Blood Borne Infections, Brian Cooper, Susan MacArthur

Chapter 10: Pharmacologic Management of the Orthopaedic Traumatic Patient, Rich Gannon

Section 1: Pain Management, Rich Gannon

Section 2: Antibiotics, Joe Kuit, Dave Nicolau Section 3: Anticoagulation, Elizabeth Udeh

Section 4: Drug & Alcohol Withdrawal, George Perdrizet

Chapter 11: The Principles and Complications of External Fixation, Stuart A. Green, Andrew N. Pollak, Bruce H. Ziran

Chapter 12: Evaluation and Treatment of Vascular Injuries, David V. Feliciano

Chapter 13: Compartment Syndromes, Bruce C. Twaddle, Annunziato Amendola

Chapter 14: Fractures with Soft Tissue Injuries, Michael S. Sirkin, Frank Liporace

Chapter 15: Soft Tissue Coverage, Randy Sherman

Chapter 16: Gunshot Wounds to the Musculoskeletal System, Gregory Zych, Steven Kalandiak, Patrick Owens, Harris Gellman, Donald A. Wiss

Chapter 17: Pathologic Fractures, Alan M. Levine, Albert J. Aboulafia

Chapter 18: Osteoporotic Fragility Fractures, Joseph M. Lane, Charles N. Cornell, David Kwon

Chapter 19: Surgical Site Infection Prevention, Bruce D. Browner, Brian Cooper, Neil Grey, James Brakoniecki, Susan MacArthur, Amir Mostofi

Chapter 20: Diagnosis and Treatment of Complications, Craig S. Roberts, Gregory E. Gleis, David Seligson

Chapter 21: Chronic Osteomyelitis, Craig M. Rodner, Bruce D. Browner, Ed Pesanti
Chapter 22: Nonunions: Evaluation and Treatment, Mark R. Brinker, Daniel P. Oâ€™Connor
Chapter 23: Physical Impairment Ratings for Fractures, Brent Wiesel, Sam W. Wiesel, Richard A. Saunders
Chapter 24: Evaluation of Outcomes for Musculoskeletal Injury, William T. Obremskey, Marc F. Swiontkowski

Section II: Spine (Section Editor: Alan M. Levine)
Chapter 26: Spinal Imaging, Stuart E. Mirvis
Chapter 27: Effective Use of Spinal Orthotics, Theodore Fischer, Susan Williams, Alan M. Levine
Chapter 31: Low Lumbar Fractures, Alan M. Levine
Chapter 32: Gunshot Wounds of the Spine, Frank J. Eismont, Sebastian Lattuga
Chapter 34: Complications in the Treatment of Spinal Trauma, Robert K. Eastlack, Bradford L. Currier, Choll W. Kim, Michael J. Yaszemski

Section III: Pelvis (Section Editor: Alan M. Levine)
Chapter 35: Fractures of the Sacrum, Jens Chapman, Alan M. Levine
Chapter 36: Pelvic Ring Disruptions, Keith Mayo, James F. Kellam
Chapter 37: Surgical Treatment of Acetabular Fractures, J. Charles (Chip) Routt, Joel M. Matta

VOLUME II

Section IV: Upper Extremity (Section Editor: Jesse B. Jupiter)
Chapter 38: Fractures and Dislocations of the Hand, Jesse B. Jupiter, Terry S. Axelrod, Mark R. Belsky
Chapter 39: Fractures and Dislocations of the Carpus, Leonard K. Ruby, Charles Cassidy
Chapter 40: Fractures of the Distal Radius, Mark S. Cohen, Jesse B. Jupiter, Robert Y. McMurtry
Chapter 41: Disphysseal Fractures of the Forearm, Jesse B. Jupiter, James F. Kellam
Chapter 42: Trauma to the Adult Elbow and Fractures of the Distal Humerus
Part I: Trauma to the Adult Elbow, Michael D. McKee, Jesse B. Jupiter
Part II: Fractures of the Distal Humerus, Michael D. McKee, Jesse B. Jupiter
Chapter 43: Fractures of the Humeral Shaft, Emil H. Schemitsch, Mohit Bhandari, Max Talbot
Chapter 44: Proximal Humerus Fractures and Glenohumeral Dislocations
Part I: Essential Principles, Tom R. Norris, Andrew Green
Part II: Proximal Humeral Fractures and Fracture-Dislocations, Andrew Green, Tom R. Norris
Part III: Glenohumeral Dislocations, Andrew Green, Tom R. Norris
Part IV: Post-traumatic Reconstruction of Proximal Humeral Fractures and Fracture Dislocations, Andrew Green, Tom R. Norris
Chapter 45: Injuries to the Shoulder Girdle, David Ring, Jesse B. Jupiter

Section V: Lower Extremity (Section Editor: Peter G. Trafton)
