Traumatic Brain Injury: Rehabilitation, Treatment, and Case Management

Ashley, Mark J. ScD

Table of Contents

MEDICAL THEMES

Neurologic Examination of the Patient with Traumatic Brain Injury
David A. Gelber and Charles D. Callahan

Posttraumatic Epilepsy and Neurorehabilitation
Theresa D. Mendez, Paul M. Levisohn, Kimberly Buytaert-Hoefen, and Dean K. Naritoku

Neurobehavioral Consequences of Combat-Related Blast Injury and Polytrauma
Jay M. Uomoto, Rhonda M. Williams, and Leigh Anne Randa

Neurotransmitters and Pharmacology
Ronald A. Browning

Neuropharmacologic Considerations in the Treatment of Vegetative State and Minimally Conscious State following Brain Injury
Deborah Lynne Doherty

Diagnosis and Management of Balance Disturbances following Traumatic Brain Injury
Peter S. Roland and Patti Blau

Visual Dysfunction following Traumatic Brain Injury
Ronald L. Morten

Disruptions in Physical Substrates of Vision following Traumatic Brain Injury Richard E. Helvie

Rehabilitation and Management of Visual Dysfunction following Traumatic Brain Injury
Penelope S. Suter

Auditory Function Assessment in Posttraumatic Brain Injury Rehabilitation
Juan J. Bermejo

Issues in Aging following Traumatic Brain Injury
Alan Weintraub and Mark J. Ashley

Bioscience Frontiers in Neuromedical Interventions following Brain Injury
Mark J. Ashley, Alan Weintraub, and David L. Ripley

Neuroplasticity and Rehabilitation Therapy
Robert P. Lehr, Jr.

Pituitary Dysfunction after Traumatic Brain Injury
Sorin G. Beca, Brent Masel, and Randall J. Urban

ALLIED HEALTH THEMES

The Therapeutical Potential of Diet and Exercise on Brain Repair
Fernando Gomez-Pinilla and Sandeep Sharma

The Traumatic Brain Injury Literature: Scholarship
John R. Muma, Steven J. Cloud, and Brett E. Kemker

Neuroanatomic Review of Cognitive Function: Anatomy and Plasticity
Mark J. Ashley

Principles of Cognitive Rehabilitation in TBI: An Integrative Neuroscience Approach
Fofi Constantinidou and Robin D. Thomas

Cognitive Disorders: Diagnosis and Treatment in TBI
Mark J. Ashley, Rose Leal, Zenobia Mehta, Jessica G. Ashley, and Matthew J. Ashley

The Use of Applied Behavior Analysis in Traumatic Brain Injury Rehabilitation
Craig S. Persel and Chris H. Persel

Neuropsychological Interventions following Traumatic Brain Injury
Theodore Tsanosides and Wayne A. Gordon

Management of Residual Physical Deficits
Velda L. Bryan, David W. Harrington, and Michael G. Elliott

Vocational Rehabilitation
Mark J. Ashley, Joe Ninomiya, Jr., Amy Berryman, and Karen Rasavage

Therapeutic Recreation in Traumatic Brain Injury Rehabilitation
Sam S. Andrews, Kenneth A. Gerhart, Kenneth R. Hosack, and Jill Stelley Virden

Children and Adolescents: Practical Strategies for School Participation and Transition
Roberta DePompeoi and Janet Siantz Tyler

The Contribution of the Neuropsychological Evaluation to Traumatic Brain Injury Rehabilitation
Jay M. Uomoto

Evaluation of Traumatic Brain Injury following Acute Rehabilitation
Mark J. Ashley

CASE MANAGEMENT THEMES
External Case Management of Brain Injury: An Overview
Jan Wood

Litigation and Settlement Options for the Brain-Injured Survivor
William L. E. Dussault

Ethical Challenges in Funding Treatment and Care in Traumatic Brain Injury: An Argument for National Health Insurance
Thomas R. Kerkhoff, Stephanie L. Hanson, and Zoë N. Swaine

Discharge Planning in Traumatic Brain Injury Rehabilitation
Mark J. Ashley and Susan M. Ashley
