Table of Contents

Section 1: Lung Development

1. Molecular Basis for Normal and Abnormal Lung Development.
   Martin Post, PhD
   Martin Rutter, HBSC

   Jeffrey Whitsett, MD
   Timothy Weaver, PhD

3. Growth and Development of the Lung Circulation Mechanisms and Clinical Implications
   Steve Abman, MD
   Christopher Baker, MD
   Vivek Balasubramania, MD

4. Surfactant: The Basis for Clinical Treatment Strategies
   Alan Jobe, MD, PhD

Section 2: Injury in the Developing Lung

5. Susceptibility of the Immature Lung to Oxidative and Mechanical Injury.
   Jaques Belik, MD, FRCPC

6. Inflammation/Infection: Effects on the Fetal/Newborn Lung
   Alan Jobe, MD, PhD
   Suhas Kallapur, MD
   Timothy J.M. Moss, PhD

7. Lung Fluid Balance During Development and in Neonatal Lung Disease
   Richard Bland, MD
   David P. Carlton, MD
   Lucky Jain, MD

8. Role Of Inflammation In The Pathogenesis Of Acute And Chronic Neonatal Lung Disease
   Christian Speer, MD, FRCPE

9. New Developments In The Presentation, Pathogenesis, Epidemiology And Prevention Of BPD
   Ilene Sosenko, MD
Section 3: Management of Respiratory Failure

Unnumbered Section: Oxygen

14. The Oxygen Versus Room Air Controversy for Neonatal Resuscitation
Peter Fowlie, MB, ChB, MSc, DRCOG, MRCGP, FRCPCH
Dr. Hannah Shore, MB, CHB, MRCPCH

15. Optimal Levels Of Oxygenation In Preterm Infants: Impact On Short And Long-Term Outcomes.
Win Tin, MB, BS, FRCP, FRCPCCH
Samir Gupta, MB, BS, MD, MRCP, FRCPCH

Unnumbered Section: Mechanical Respiratory Support

Peter Davis, MD, FRACP
Colin Morley, MD

Waldemar Carlo, MD
Ulrich Thome, MD

18. New Modalities of Mechanical Ventilation in the Newborn
Eduardo Bancalari, MD
Nelson Claure, PhD

19. Role of Pulmonary Function Testing in the Management of Neonates on Mechanical Ventilation
Tilo Gerhardt, MD
Nelson Claure, PhD

Section 4: Respiratory Control and Apnea of Prematurity
20. Neonatal Respiratory Control and Apnea of Prematurity

Richard J. Martin, MBBS, FRACP
Oded Mesner, MD
Juliann M. Di Fiore, BSEE

21. Strategies For Prevention Of Apneic Episodes In Preterm Infants: Are Respiratory Stimulants Worth The Risk?

Barbara Schmidt, MD, MSc
Dirk Bassler, MD, MSc
