# Clinical Management of Intestinal Failure

Duggan

## Table of Contents

- **Introduction**
- **Intestinal Failure**
  - Etiology and Epidemiology of Intestinal Failure
    Conrad R. Cole and Thomas R. Ziegler
  - Pathophysiology of Intestinal Failure
    Indraneel Chakrabarty and David L. Burns
  - Motility Disorders in Intestinal Failure
    Leonel Rodriguez and Samuel Nurko
- **Clinical Assessment of Intestinal Failure in Children**
  Jason S. Soden
- **Clinical Assessment of Intestinal Failure in Adults**
  Kuang Horng (Jamie) Kang and George Blackburn
- **Gastrointestinal Endoscopy and Pathologic Findings**
  Debora Duro
- **Radiographic Evaluation**
  Stephanie DiPerna and Carlo Buonomo
- **Medical and Surgical Management**
  - Principles of Bowel-Preserving Surgery
    Milissa A. McKee
  - Medical and Nutritional Management
    Clarivet Torres
  - Parenteral Nutrition in Children
    Sharon Collier, Kathleen M. Gura, and Christopher Duggan
  - Parenteral Nutrition in Adults
    M. Molly McMahon, Erin M. Nystrom, and John M. Miles
  - Vascular Access Devices
    Ivan M. Gutierrez, Horacio Padua, and Tom Jaksic
- **Enteral Access**
  Sara N. Horst and Douglas L. Seidner
- **Transition to Enteral Nutrition**
  Julie E. Bines and Eva S. Nagy
- **Drug Dosing and Pharmacokinetics**
  Kathleen M. Gura
- **Autologous Intestinal Reconstruction Surgery**
  Melissa A. Hull, Kristina M. Potanos, Brian A. Jones, and Heung Bae Kim
- **Intestinal Transplantation**
  Margaret McGuire, Daniel S. Kamin, and Heung Bae Kim
- **Critical Care Management**
  Nilesh M. Mehta
Prevention and Treatment of Complications of Intestinal Failure

Central Venous Catheter Infections: Prevention and Treatment
