Table of Contents

Preface (Gavin Bremner and Theodore D. Wachs).

Chapter 1: Historical Reflections on Intimacy (Alan Fogel, University of Utah).

Part I: Basic perceptual and cognitive development.

Chapter 2: Visual perception (Alan Slater, Washington Singer Laboratories, Patricia Riddell, University of Reading, Paul C. Quinn, University of Delaware, Olivier Pascalis, University of Sheffield, Kang Lee, University of Toronto, and David J. Kelly, University of Glasgow).

Chapter 3: Auditory Development (Denis Burnham, University of Western Sydney, and Karen Mattock, Lancaster University).

Chapter 4: Intermodal Perception and Selective Attention to Intersensory Redundancy: Implications for Typical Social Development and Autism (Lorraine E. Bahrick, Florida International University).

Chapter 5: Action in Infancy – Perspectives, Concepts, and Challenges (Ad Smitsman, Radboud University, and Daniela Corbetta, University of Tennessee).

Chapter 6: Cognitive Development: Knowledge of the physical world (Gavin Bremner, Lancaster University).

Chapter 7: Perceptual categorisation and concepts (David H. Rakison, Carnegie Mellon University).

Chapter 8: Infant learning and memory (Carolyn Rovee-Collier, Rutgers University, and Rachel Barr, Georgetown University).

Chapter 9: Functional brain development during infancy (Mark H. Johnson, Birkbeck College, University of London).

Part II: Social cognition, communication, and language.

Chapter 10: Emerging self-concept (Philippe Rochat, Emory University).

Chapter 11: The Importance of Imitation for Theories of Social-Cognitive Development (Andrew N. Meltzoff, University of Washington, and Rebecca A. Williamson, Georgia State University).

Chapter 12: Engaging Minds in the first year: The developing awareness of attention and intention (Vasudevi Reddy, Portsmouth University).

Chapter 13: Preverbal communication (Andrew Lock, Massey University, and Patricia Zukow-Goldring, University of California, Los Angeles).

Chapter 14: Early language (George Hollich, Purdue University).

Part III: Social-emotional development.

Chapter 16: Attachment in infancy (Germán Posada and Garene Kaloustian, Purdue University).

Chapter 17: Early social cognitive skills at play in toddlers’ peer interactions (Hildy Ross, University of Waterloo, Marcia Vickar, University of Waterloo, and Michal Perlman, University of Toronto).

Chapter 18: Touch and physical contact during infancy: Discovering the richness of the forgotten sense (Dale M. Stack, Concordia University).

Chapter 19: Emotion and its development in infancy (David C. Witherington, University of New Mexico, Joseph J. Campos, University of California, Berkeley, Jennifer A. Harriger, Cheryl Bryan, & Tessa E. Margett, University of New Mexico).

Chapter 20: Temperament (Theodore D. Wachs, Purdue University, and John E. Bates, Indiana University Bloomington).

Chapter 21: Culture and infancy (Charles M. Super and Sara Harkness, University of Connecticut).
