About the Author
Preface

Section I: Conceptual Foundations
Chapter 1: Occupational Therapy Concepts
Chapter 2: Kinesiology Concepts
Chapter 3: Factors Influencing Range of Motion
Chapter 4: Factors Influencing Strength

Section II: Normal Joint Movement
Chapter 5: The Shoulder
Chapter 6: The Elbow
Chapter 7: The Wrist
Chapter 8: The Hand
Chapter 9: The Spine, Pelvis, and Posture
Chapter 10: The Knee, Ankle, and Foot

Section III: Occupational Therapy Intervention
Chapter 11: Biomechanical Remediation Intervention Approach
Chapter 12: Rehabilitation

Appendices
Appendix A: Measurement of Grip Strength Studies
Appendix B: Summary of Shoulder Movements
Appendix C: Summary of Elbow Movements
Appendix D: Summary of Wrist Movements
Appendix E: Summary of Hand Movements
Appendix F: Overview of Shoulder Pathology
Appendix G: Overview of Elbow Pathology
Appendix H: Overview of Wrist Pathology
Appendix I: Overview of Hand Pathology
Appendix J: Overview of Hip Pathology
Appendix K: Good Versus Faulty Posture
Appendix L: Overview of Knee Joint Pathology
Appendix M: Overview of Foot and Ankle Pathology
Appendix N: Rehabilitation Intervention
