**About the Editors**
**Contributing Authors**
**Preface**

## Section I. Overview

- Chapter 1. Surgical Correction of Astigmatism  
  Bonnie An Henderson, MD; Mana Tehrani, MD; Nick Mamalis, MD; Richard S. Hoffman, MD;  
  I. Howard Fine, MD; H. Burkhard Dick, MD; and Mark Packer, MD, FACS

## Section II. Preoperative Considerations

- Chapter 2. Diagnosing Astigmatism  
  Mark Packer, MD, FACS; Natalie A. Afshari, MD, FACS; and Brian D. Alder, MD
- Chapter 3. Approach to the Surgical Correction of Astigmatism at the Time of Cataract Surgery  
  Eric C. Amesbury, MD and Kevin M. Miller, MD

## Section III. Corneal Surgical Correction

- Chapter 4. Correction of Astigmatism by Laser Keratectomy  
  Isaac W. Porter, MD and Dimitri T. Azar, MD
- Chapter 5. Treating Astigmatism With Conductive Keratoplasty  
  Jason E. Stahl, MD; Daniel S. Durrie, MD; and Ryan T. Smith, MD
- Chapter 6. Astigmatic Keratotomy: Arcuate and Transverse Incisions for Managing Astigmatism  
  Anthony Lombardo, MD, PhD and Richard L. Lindstrom, MD
- Chapter 7. Reducing Pre-Existing Astigmatism With Limbal Relaxing Incisions  
  James P. Gills, MD; R. Bruce Wallace III, MD; I. Howard Fine, MD; Miles H. Friedlander, MD, FACS; and Mike S. McFarland, MD
- Chapter 8. Minimizing Postoperative Cylinder With Peripheral Clear-Corneal Relaxing Incisions  
  Randall J. Olson, MD
- Chapter 9. Use of Stromal Pockets in the Treatment of Astigmatism  
  Michael Y. Wong, MD

## Section IV. Managing Astigmatism in Cataract Surgery

- Chapter 10. Considerations in Clear-Corneal Cataract Surgery  
  Robert M. Kersner, MD, MS, FACS
- Chapter 11. Management of Astigmatism in Conjunction With Modern Phaco Surgery  
  Louis D. "Skip" Nichamin, MD
- Chapter 12. Biopics for the Pseudophakic Patient  
  Louis D. "Skip" Nichamin, MD
- Chapter 13. Managing Coupling in Secondary Astigmatic Kerototomy  
  James P. Gills, MD; Pit Gills, MD; and J. James Rowsey, MD
  Kenneth J. Hoffer, MD, FACS

## Section V. Correcting Astigmatism With Toric Lenses

- Chapter 15. Toric Intraocular Lenses: History and Applications  
  Surekha Maddula, MD; Harry B. Grabow, MD; Salwa Abdel-Aziz, MD, MPH; and Nick Mamalis, MD
- Chapter 16. The STAAR Toric Intraocular Lens: Indications and Pearls  
  Stephen Bylsma, MD and David F. Chang, MD
- Chapter 17. The Use of AcrySof and ReSTOR Toric Intraocular Lenses in the Management of Astigmatism  
  Derek W. DellMonte, MD and Terry Kim, MD
