Assessment of Communication Disorders in Adults

Hegde, M. N.

Table of Contents

Preface

PART I. Foundations of Assessment

Chapter I. Assessment of Adults: An Overview
Written Case History
The Initial Clinical Interview
Hearing Screening
Orofacial Examination
Diadochokinetic Tasks
Speech-Language Sample
Standardized Assessment Instruments
Assessment of Functional Communication
Assessment of Communication Quality of Life
Postassessment Counseling
Analysis and Integration of Assessment Results
Assessment Report

Chapter 2. Common Assessment Protocols
Adult Case History Protocol
Instructions for Conducting the Orofacial Examination in Adults: Observations and Implications
Orofacial Examination and Hearing Screening Protocol
Diadochokinetic Assessment Protocol for Adults
Functional Communication Assessment Protocol
Communication Quality of Life Assessment Protocol
Adult Assessment Report Outline

PART II. Assessment of Motor Speech Disorders in Adults

Chapter 3. Assessment of Apraxia of Speech (AOS): Resources
Description of AOS
Epidemiology and Etiology of AOS
Overview of Assessment of AOS
Screening for AOS
Standardized Tests for AOS
Analysis and Integration of Assessment Results
Diagnostic Criteria and Differential Diagnosis
Postassessment Counseling

Chapter 4. Assessment of Apraxia of Speech (AOS): Protocols
Overview of AOS Protocols
Assessment of AOS Interview Protocol
AOS Assessment Protocol 1: Oral Apraxia
AOS Assessment Protocol 2: Speech Production in AOS
AOS Assessment Protocol 3: Comparing Alternate Motion Rates (AMRs) and Sequential Motion Rates (SMRs)
AOS Assessment Protocol 4: Connected Speech

Chapter 5. Assessment of Dysarthria: Resources
Types of Dysarthria
Epidemiology of Dysarthria
Etiology of Dysarthria
Overview of Dysarthric Speech
Overview of Assessment of Dysarthria
Standardized Tests for Dysarthria
Diagnostic Criteria and Differential Diagnosis
Postassessment Counseling

Chapter 6. Assessment of Dysarthria: Protocols
Overview of Dysarthria Protocols
Assessment of Dysarthria: Interview Protocol
Dysarthria Assessment Protocol 1. Orofacial Examination
Dysarthria Assessment Protocol 2. Respiratory-Phonatory Function
Dysarthria Assessment Protocol 3. Speech Production (Articulation)
Dysarthria Assessment Protocol 4. Production of Prosody
Dysarthria Assessment Protocol 5. Resonance

PART III. Assessment of Aphasia

Chapter 7. Assessment of Aphasia: Resources
Epidemiology of Aphasia
Etiology and Neuropathology of Aphasia
Characteristics of Aphasia
Types of Aphasia
Overview of Assessment
Screening for Aphasia
Standardized Tests for Aphasia
Assessment of Speech Production
Assessment of Narrative and Conversational Skills
Assessment of Functional Communication
Quality of Life Assessment
Assessment of Bilingual or Multilingual Patients
Analysis and Integration of Assessment Results
Postassessment Counseling

Chapter 8. Assessment of Aphasia: Protocols
Overview of Aphasia Protocols
Aphasia Interview Protocol
Auditory Comprehension Assessment Protocol
Connected Speech and Grammatical Skills Assessment Protocol
Repetition and Echolalia Assessment Protocol
Naming and Word Finding Assessment Protocol
Fluency Assessment Protocol
Reading, Writing, and Calculation Assessment Protocol
Aphasia Summative Diagnostic Protocol

PART IV. Assessment of Right-Hemisphere Syndrome

Chapter 9. Assessment of Right-Hemisphere Syndrome (RHS): Resources
Functions of the Left and the Right Hemispheres
Epidemiology of RHS
Etiology and Neuropathology of RHS
Neurological and Neuromotor Consequences of RHS
Overview of Assessment
Screening for RHS
Standardized Tests for RHS
Analysis and Integration of Assessment Results
RHS Assessment Tasks in Chapter 10
Postassessment Counseling

Chapter 10. Assessment of Right Hemisphere Syndrome (RHS) Protocols
Overview of RHS Protocols
Assessment of RHS: Interview Protocol
RHS Assessment Protocol 1: Visual Neglect and Visuospatial Skills
RHS Assessment Protocol 2: Communication Skills
RHS Assessment Protocol 3: Abstract Language

PART V. Assessment of Dementia

Chapter 11. Assessment of Dementia: Resources
Overview of Dementia
Epidemiology of Dementia
General Etiology and Pathology of Neurodegenerative Diseases
Treatment of Irreversible and Reversible Dementia
Dementia of the Alzheimer Type
Other Forms of Dementia
Overview of Dementia Assessment
Screening and Diagnostic Tests for Dementia
Assessment of Dementia in Ethnoculturally Diverse Adults
Diagnostic Criteria and Differential Diagnosis
Postassessment Counseling
Chapter 12. Assessment of Dementia: Protocols
Overview of Dementia Protocols
Assessment of Dementia: Interview Protocol
Dementia Screening Protocol 1
Dementia Screening Protocol 2
Dementia Assessment Protocol 1: Mental Status and Intellectual Functioning
Dementia Assessment Protocol 2: Communication Abilities
Dementia Assessment Protocol 3: General Behavioral Evaluation

PART VI. Assessment of Traumatic Brain Injury

Chapter 13. Assessment of Traumatic Brain Injury (TBI): Resources
Epidemiology of TBI
Etiology of TBI
Penetrating Brain Injuries
Nonpenetrating Brain Injuries
Primary and Secondary Effects of TBI
Recovery from TBI
Neurobehavioral Effects of TBI
Communicative Disorders Associated with TBI
Assessment of TBI
Overview of Assessment
Screening for TBI
Diagnostic Assessment
Assessment of Consciousness and Responsiveness
Assessment of Memory and Reasoning Skills
Assessment of Communicative Deficits Associated with TBI
Postassessment Counseling

Overview of TBI Protocols
Assessment of TBI: Interview Protocol
TBI Assessment Protocol 1: Orientation and Memory
TBI Assessment Protocol 2: Perception and Reasoning Skills
TBI Assessment Protocol 3: Communication Skills

PART VII. Assessment of Fluency Disorders

Chapter 15. Assessment of Fluency Disorders: Resources
An Overview of Fluency and its Disorders in Adults
Epidemiology of Stuttering in Adults
Definition and Measurement of Stuttering
Additional Features of Stuttering
Diagnostic Criteria for Stuttering
Assessment of Stuttering
Neurogenic Stuttering
Cluttering
Assessment of Quality of Life and Functional Communication
Postassessment Counseling

Chapter 16. Assessment of Fluency Disorders: Protocols
Overview of Fluency Assessment Protocols
Interview Protocol
Dysfluency Measurement Protocol
Stuttering Variability Assessment Protocol
Associated Motor Behaviors Assessment Protocol
Avoidance Behaviors Assessment Protocol
Neurogenic Stuttering Assessment Protocol
Cluttering Assessment Protocol
Fluency Quality of Life Assessment Protocol

PART VIII. Assessment of Voice

Chapter 17. Assessment of Voice: Resources
Epidemiology and Ethnocultural Variables
Voice Disorders in Adults
Mutism
Aphonias
Dysphonias
Spasmodic Dysphonia
Causes of Voice Disorders
Overview of the Assessment Process
Clinical Assessment of Voice
Instrumental Assessment of Voice
Quality of Life Assessment
Assessment of Voice in Ethnoculturally Diverse Adults
Postassessment Counseling

Chapter 18. Assessment of Voice: Protocols
Overview of Voice Protocols
Assessment of Voice: Interview Protocol
Adult Voice Evaluation Protocol
Resonance Assessment Protocol
Vocal Abuse and Misuse Assessment Protocol
Voice Handicap Assessment Protocol
Voice Quality of Life Assessment Protocol
