

Complications of Laparoscopic and Robotic Urologic Surgery

Ghavamian, Reza

ISBN-13: 9781607616757

Table of Contents

Section 1: General and Medical Considerations: Chapter 1: Physiology of Laparoscopy and Pneumoperitoneum. Chapter 2: Anesthesia and Management of Anesthetic Complications of Laparoscopic Urological Surgery Chapter 3: Metabolic and Renal Complications and Immunologic Implications of Laparoscopic Urologic Surgery Chapter 4: Positional and Neuromuscular Complications of Laparoscopic and robotic Urologic Surgery. Section 2: Surgical Complications: Chapter 5: Vascular Complications of Laparoscopic and Robotic Urologic Surgery Chapter 6: Urinary and Urologic Complications of Laparoscopic and Robotic Urologic Surgery Chapter 7: Visceral and Gastrointestinal Complications of Laparoscopic Urologic Surgery. Chapter 8: Complications of Robotic Assisted Laparoscopic urologic Surgery: Iatrogenic and Doulogenic Section 3: Procedure Specific Complications I. Complications of Upper Tract Laparoscopic and Robotic Urologic Procedures Chapter 9: Complications of Laparoscopic and Robotic Adrenal Surgery Chapter 10: Complications of Laparoscopic Radical Nephrectomy and Nephroureterectomy Chapter 11: Complications of Laparoscopic Donor Nephrectomy Chapter 12: Complications of Laparoscopic Partial Nephrectomy Chapter 13: Complications of Robotic Partial Nephrectomy Chapter 14: Complications of Laparoscopic Retroperitoneal Lymph Node Dissection Chapter 15: Complications of Laparoscopic and Robotic Pyeloplasty Chapter 16: Complications of Laparoscopic and Robotic Ureteral Reconstructive Surgery II. Complications of Pelvic Laparoscopic and Robotic Surgery Chapter 17: Complications of Robotic Radical Prostatectomy Chapter 18: Methods and maneuvers for improving functional outcomes during robotic radical Prostatectomy Chapter 19: Complications of Laparoscopic and Robotic-Assisted Radical Cystectomy III: Special Considerations Chapter 20: Complications of Laparoscopic and Robotic Reconstructive Procedures for Urinary Incontinence and Pelvic Organ Prolapse Chapter 21: Complications of Single-port Laparoscopic and Robotic Urologic Surgery Chapter 22: Complications of Ablative Renal Procedures Chapter 23: Complications of Laparoscopic and Robotic Pediatric Urologic Surgery Chapter 24: Medicolegal Aspects of Minimally Invasive Urologic Surgery
