Table of Contents

I. Core Science and Background Information
1. History of Schizophrenia as a Psychiatric Disorder, Helen Lavretsky
2. Epidemiology, David J. Castle and Vera Morgan
3. Biological Theories, Jonathan Downar and Shitij Kapur
4. Brain Imaging, Lisa T. Eyler
5. Neuropathology, Daniel G. Stewart and Kenneth L. Davis
6. Genetics, Stephen J. Glatt
7. Environmental Pre- and Perinatal Influences in Etiology, Lauren M. Ellman and Tyrone D. Cannon
8. Psychosocial Factors, Paul Bebbington and Elizabeth Kuipers
9. Psychopathology, Ipsit V. Vahia and Carl I. Cohen
10. Cognitive Functioning, Gauri N. Savla, David J. Moore, and Barton W. Palmer
11. Course and Outcome, Heinz Häfner and Wolfram an der Heiden

II. Assessment and Diagnosis
12. Diagnostic Interviewing, Abraham Rudnick and David Roe
13. Assessment of Co-Occurring Disorders, Karen Wohlheiter and Lisa Dixon
14. Assessment of Psychosocial Functioning, Tania Lecomte, Marc Corbière, and Catherine Briand
15. Treatment Planning, Alexander L. Miller and Dawn I. Velligan

III. Somatic Treatment
16. Antipsychotics, Eric C. Kutscher
17. Side Effects of Antipsychotics, Christian R. Dolder
18. Clozapine, Martha Sajatovic, Subramoniam Madhusoodanan, and Matthew A. Fuller
19. Other Medications, Britton Ashley Arey and Stephen R. Marder
20. Electroconvulsive Therapy, Shawn M. McClintock, Najeeb Ranginwala, and Mustafa M. Husain

IV. Psychosocial Treatment
21. Environmental Supports, Dawn I. Velligan and Alexander L. Miller
22. Family Intervention, Christine Barrowclough and Fiona Lobban
23. Cognitive-Behavioral Therapy, Anthony P. Morrison
24. Social Skills Training, Wendy N. Tenhula and Alan S. Bellack
25. Cognitive Rehabilitation, Til Wykes
26. Vocational Rehabilitation, Deborah R. Becker
27. Illness Self-Management Training, Kim T. Mueser and Susan Gingerich
28. Group Therapy, John R. McQuaid
29. Supported Housing, Priscilla Ridgway
30. Self-Help Activities, Frederick J. Frese III
V. Systems of Care

31. Clinical Case Management, Margaret V. Sherrer and Thomas O’Hare
32. Strengths-Based Case Management, Charles A. Rapp and Richard J. Goscha
33. Assertive Community Treatment, Natalie L. DeLuca, Lorna L. Moser, and Gary R. Bond
34. Emergency Room, Inpatient, and Residential Treatment, Mounir Soliman, Antonio M. Santos, and James B. Lohr
35. Treatment in Jails and Prisons, Roger H. Peters, Pattie B. Sherman, and Fred C. Osher

VI. Special Populations and Problems

36. First-Episode Psychosis, Donald Addington and Jean Addington
37. Treatment of the Schizophrenia Prodrome, Barnaby Nelson and Alison Yung
38. Older Individuals, Thomas W. Meeks and Dilip V. Jeste
39. Understanding and Working with Aggression, Violence, and Psychosis, Gillian Haddock and Jennifer J. Shaw
40. Housing Instability and Homelessness, Alan Felix, Dan Herman, and Ezra Susser
41. Medical Comorbidity, Ingrid B. Rystedt and Stephen J. Bartels
42. Intellectual Disability and Other Neuropsychiatric Populations, Richard B. Ferrell and Thomas W. McAllister
43. Trauma and Posttraumatic Stress Syndromes, Stanley D. Rosenberg and Kim T. Mueser
44. Management of Co-Occurring Substance Use Disorders, David J. Kavanagh
45. Parenting, Joanne Nicholson and Laura Miller
46. Children and Adolescents, John G. Cottone and Sanjiv Kumra
47. Suicide, Marnin J. Heisel

VII. Policy, Legal, and Social Issues

48. The Economics of Schizophrenia, Mihail Samnaliev and Robin E. Clark
49. Involuntary Commitment, Jonathan Bindman and Graham Thornicroft
50. Jail Diversion, Joseph P. Morrissey and Gary S. Cuddeback
51. Stigma, Patrick W. Corrigan and Jonathan E. Larson
52. Evidence-Based Practices, Mathew R. Merrens and Robert E. Drake
53. Schizophrenia in Developing Countries, Vihang N. Vahia and Ipsit V. Vahia

VIII. Special Topics

54. Remission, Bernard A. Fischer IV and William T. Carpenter, Jr.
55. Recovery, David Roe and Larry Davidson
56. Gender, Mary V. Seeman
57. Quality of Life, Stefan Priebe and Walid K. H. Fakhoury
58. Spirituality and Religion, Roger D. Fallot
59. Sexuality, Alex Kopelowicz, Robert Paul Liberman, and Donald Stolar
60. Schizophrenia in African Americans, William B. Lawson
61. Ethics, Abraham Rudnick and Charles Weijer
