Table of Contents

SECTION 1. Airway
Acute Upper Airway Obstruction
Obstructive Sleep Apnea
Central Airway Obstruction

SECTION 2. Chest
Congenital Lung Lesions
Neonatal Chest Issues
Chest Infections
Mediastinal Masses
Pulmonary Masses
Trauma
Pediatric Interstitial Lung Diseases
Miscellaneous

SECTION 3. Cardiac
Congenital Heart Disease
Surgical Procedures for Congenital Heart Disease
Cardiomyopathies
Heterotaxia Syndromes
Miscellaneous

SECTION 4. Gastrointestinal
Neonatal Upper Intestinal Obstruction
Neonatal Lower Intestinal Obstruction
Other Neonatal Gastrointestinal Disorders
Upper Gastrointestinal Abnormalities Typically Seen in Infants and Young Children
Abnormalities of the Abdominal Wall
Abnormalities Associated with Bowel Obstruction
Liver Abnormalities
Spleenic Abnormalities
Pancreatic Abnormalities
Pediatric Mesenteric Abnormalities
Trauma
Abnormalities in Immunocomprised Children
Inflammatory Bowel Disease
Miscellaneous

SECTION 5. Genitourinary
Congenital Abnormalities
Multicystic Renal Disease
Renal Masses
Uterine and Ovarian Abnormalities
Adrenal Abnormalities
Testicular Abnormalities
Miscellaneous Renal Conditions
Bladder Abnormalities

SECTION 6. Musculoskeletal
Trauma
Infection
Soft Tissue Masses
Focal Bone Lesions
Abnormalities of the Hip
Constitutional Disorders of Bone
Rheumatologic Diseases
Miscellaneous

SECTION 7. Brain
Congenital Malformations
Cysts and Neoplasms
Traumatic and Vascular Lesions

SECTION 8. Spine
Congenital Spinal Malformations
Neoplasms
Inflammatory Lesions
Trauma

SECTION 9. Head and Neck
Nasal and Oral Cavity
Orbit
Temporal Bone
Syndromes with Craniofacial Involvement
Neck Masses
