TABLE OF CONTENTS

Preface
Contributors

Part 1: Core Concepts:

Chapter 1: Traumatic Brain Injury: Definitions and Nomenclature, Kristine O'Phelan;
Chapter 2: Essential concepts in Traumatic Brain Injury Neuropathology, Michelle LaPlaca;
Chapter 3: Characterization of TBI Severity, Lisa Lombard;

Part 2: Epidemiology and Primary Prevention;

Chapter 4: Epidemiology, Marie Crandall;
Chapter 5: Prevention of Sports-related Concussion and Brain Injury, Robert C. Cantu;
Chapter 6: Prevention of Traumatic Brain Injury Secondary to Modes of Transportation, Falls and Assaults, Jeffrey Radecki;

Part 3: Mild Traumatic Brain Injury;

Chapter 7: Concussion vs. MTBI-Is There a Difference?, Grant Iverson and Rael Lange;
Chapter 8: MTBI: Initial Medical Evaluation and Management, John J. Bruns;
Chapter 9: Sports-Related Concussion: Identification and Return to Play Decision-making, Mark Lovell;
Chapter 10: The Natural History of MTBI, Rael Lange and Grant Iverson;
Chapter 11: Cumulative Effects of Repeated MTBI, Robert C. Cantu;
Chapter 12: Second Impact Syndrome, Gary Goldberg;
Chapter 13: Imaging in MTBI, Jeffrey Lewine;
Chapter 14: Somatic Manifestations of MTBI: Headache, Dizziness and Fatigue, Elie Elovic;
Chapter 15: Cognition in MTBI: Neuropsychological Assessment, Wayne Gordon and Theodore Tsaousides;
Chapter 16: Cognition in MTBI: Is There a Risk of Late Development of Dementia?, William Barr;
Chapter 17: Post-Concussion Disorder (PCD): Diagnostic Characteristics and Clinical Manifestation, Felise Zollman and Erica Wang;
Chapter 19: Confounding factors in PCD: The Role of Persistent Pain, Mood Disorder, Medication Use and Litigation in Symptom Persistence, Nathan Zasler;
Chapter 20: Recognizing Post Traumatic Stress Disorder Manifesting in Patients with Traumatic Brain Injury, Eric Larson;
Chapter 21: Factors Suggesting a Need for Referral to Mental Health Providers in PCD, Mike McCrea;

Part 4: Moderate to Severe Traumatic Brain Injury;

Chapter 22: Field Management: Pre-hospital Care, Clare L Hammel;
Chapter 23: Emergency Department Management and Initial Trauma Care Considerations, Stephen Cantrill;
Chapter 24: Neuroimaging, David Alexander;
Chapter 25: Neurosurgical Management of Skull Fractures and Intracranial Bleeding, Joshua Rosenow;
Chapter 26: The Neuro-intensive Care Unit: ICP and Cerebral Oxygenation, Sarice Bassin;
Chapter 27: The Role of Neuroprotective Interventions in Traumatic Brain Injury, David Okonkwo and David Panczykowski;
Chapter 28: Nutritional Considerations, Aaron Cook;
Chapter 29: Initial Rehabilitation Interventions in the Acute Hospital Setting and Transitioning to the Next Level of Care, Brian Greenwald and Kamesha Delisser;
Chapter 30: Disorders of Consciousness, Brian Greenwald and Phalgun Nori;
Chapter 31: The Role of Specialized Brain Injury Units in the Rehabilitation Process, Allen Brown;
Chapter 32: Rehabilitation Nursing, Ann Bines;
Chapter 33: Physical therapy: Mobility, Transfers and Ambulation, Catherine Burress;
Chapter 34: Occupational Therapy: ADL's and Community Reintegration, Deirdre Dawson;
Chapter 35: Speech Therapy: Dysphagia and Cognitive/Communication Impairments, Kara Kozub;
Chapter 36: Neuro-optometric Rehabilitation, William Padula;
Chapter 37: Cognitive Impairment: Characterization and Management, Eric Larson;
Chapter 38: Behavioral Impairment: Recognition and Management, S. Fleminger;
Chapter 39: Rational Neuropsychopharmacology in Traumatic Brain Injury, Vani Rao and Cynthia Fields;
Chapter 40: Pain Management in Persons with Traumatic Brain Injury, Nathan Zasler;
Chapter 41: Practical Guidelines for Prognostication after Traumatic Brain Injury, Sunil Kothari;
Chapter 42: Sexuality after Traumatic Brain Injury, Angelle Sander;  
Chapter 43: Assessment of Decisional Capacity, Rebecca Brashler;  
Chapter 44: Community Reintegration, James F. Malec and Anne Moessner;  

Part 5: Traumatic Brain Injury-Related Medical Complications:  
Chapter 45: Cranial Nerve Palsies, Flora Hammond;  
Chapter 46: Hydrocephalus, David Long;  
Chapter 47: Post-traumatic Seizures, Ramon Diaz-Arrastia;  
Chapter 48: Heterotopic Ossification, Nora Cullen;  
Chapter 49: Endocrine Dysfunction, Lucy Behan;  
Chapter 50: Dysautonomia and PAID, Cherina Cyborski;  
Chapter 51: Movement Disorders, Cherina Cyborski;  
Chapter 52: Spasticity, Ross Zafonte;  
Chapter 53: Mood Disorders, Ricardo Jorge;  
Chapter 54: Sleep Disturbances, Felise Zollman and Eric Larson;  
Chapter 55: Post-Traumatic Headaches, Henry Lew, Sara Cohen and Peter Hsu;  
Chapter 56: Neurovascular Complications, Sunil Kothairi;  

Part 6: Special Considerations and Traumatic Brain Injury Resources:  
Chapter 57: Pediatric Considerations in Traumatic Brain Injury Care, Christopher Giza and Daniel Shrey;  
Chapter 58: Special Considerations in Caring for the Workers' Compensation Patient, Felise Zollman;  
Chapter 59: Developing a Life Care Plan, Roger Weed and Debra Berens;  
Chapter 60: Medical-legal Considerations, Robert Hanlon;  
Chapter 61: Alcohol Misuse and Traumatic Brain Injury, John Corrigan;  
Chapter 62: Ethical Considerations, Debjani Mukherjee;  
Chapter 63: Special Considerations for Military Personnel: Unique Aspects of Blast Injury, Shane Mcnamee;  
Chapter 64: Treatment and Rehabilitation Services for Mild-to-Moderate Traumatic Brain Injury in the Military, Grant Iverson and Louis French;  
Chapter 65: Management of Traumatic Brain Injury in the Older Adult, David Cifu;  
Chapter 66: Complementary and Alternative Medicine in Traumatic Brain Injury, Felise Zollman;  
Chapter 67: Return to Work Following Traumatic Brain Injury, Paul Wehman, William Walker, and Shane McNamee;  
Chapter 68: Resources for Traumatic Brain Injury Survivors and Caregivers, Donna Zahara;  
Chapter 69: Living with Traumatic Brain Injury: From a Survivor's Perspective, Jennifer Field
